

Unique Development for Today's Workplace

Signature Presentations:

◆
Stress Less at Work: The Mindfulness Advantage!

◆
Mindful Communication for Emotional Intelligence

Using his high-powered, humorous and heart-centered approach, John English has been helping people live empowered lives on purpose for 15 years. John is an award-winning author, coach and successful entrepreneur who has founded 4 companies since 1990.

John has spoken and taught internationally on topics including leadership, business, alternative healing, the ancient wisdom of shamanism, and the Toltec teachings.

Having founded businesses in manufacturing, education, publishing and coaching John has a unique combination of business experience and an ability to relate with the challenges people face in a variety of work environments.

John is known for using how his audience relates to their world in his stories to develop rapport, and then provide insight while inspiring participants to reach for their greatness.

Here's How To Book John
